LIBERAL DEMOCRATS – WORKING FOR YOU

Vote for

Geoff Whale **X**
for District
Council

Karen Hawker **X**
For District
Council

On Thursday 5 May Vote Liberal Democrat to elect

GEOFF WHALE **for Sevenoaks District Council**

Geoff has lived in Knockholt Pound for many years. He is active in his local church and much involved with local matters. Geoff is deeply concerned about any relaxation of planning procedure or erosion of the Green Belt and will fight to maintain our village communities. He wants there to be a study of possible traffic calming solutions to slow down traffic passing through the villages. He is especially committed to supporting the new bus service to the station.

KAREN HAWKER **for Sevenoaks District Council**

Karen has lived in the district since 1998, having been raised in South East London and later lived in Bristol. She first became politically aware while at university and became a Liberal after hearing David Steel speaking while he was party leader. She has worked in the National Health Service for the last 24 years in both hospital and community settings and is a qualified Infection Prevention Nurse. Karen is mother of two boys aged 11 and 13 and has a keen interest in local matters

Geoff and Karen care about many aspects of life in the area.

- **They want to see the parking problems at Knockholt Station resolved as a matter of urgency. A year ago, local people went through a consultation exercise, and, now, a year later, the consultation exercise is being repeated. So, a year has been wasted and the current council has taken no action on what has become a very urgent safety issue.**
- **They are committed supporters of the Green Belt around our villages and want to see the special character of Halstead & Knockholt preserved.**
- **They are determined to support the new 706 Knockholt-Station rush hour bus service and will work with the two parish councils to make sure to keep it.**
- **As Liberal Democrats they will fight to protect our village communities and in particular to reduce the danger to residents from speeding traffic.**
